Personal Message: 

Did you know that Southeastern Guide Dogs breeds, raises, and trains some of the finest guide dogs in the world? The puppies are adorable, but to witness these amazing dogs in training is nothing short of miraculous. Thanks to their intelligence and fine training, people who cannot see are suddenly able to walk out their front door and go wherever they want and need to go...

When I learned that Southeastern Guide Dogs relies 100% on private donations, receives no government funding, and doesn't charge their students a dime for their services – that's when I decided to participate in their biggest fundraiser of the year: the Walkathon.
